Procurement of a Payment Partner for

Google Cloud Services

Procurement No: S/680/24

Closing Date & Time: **2025-January-03 at 13.30 Hours**

General Manager

Sri Lanka Land Development Corporation,

No. 03, Sri Jayawardenepura Mawatha,

Welikada, Rajagiriya.

For Information Contact : Mr Anjana (System Analyst) – 0772866843

1.1. Introduction

The Real Time Flood Control Centre of the Sri Lanka Land Development Corporation (SLLDC) has one of its most important computation and data storing processes established in the Google Cloud Platform (GCP), and this system has been storing data real time from 50 automated weather stations situated island wide, mainly in the Kelani River Basin and 33 automated water level stations installed in the Colombo canals and on the Kelani River. The system also houses the data quality checking procedures, archival of backup data, and websites related to Integrated Flood Management System (IFMS). Using the established system, the IFMS is providing decision support for flood controlling.

Since SLLDC is not capable of directly paying to the GCP in USDs, it is currently looking to procure the services of a payment partner to pay for the GCP in USDs, and the SLLDC shall pay the payment partner in LKRs, on monthly basis.

1.2. System Specification

The system is consisting of 4 Virtual PCs and its computational infrastructure including storage, memory and networking, as described below.

No	Virtual Machine Name	Operating System	RAM (GB)	Storage (GB)		Number of CPUs	Machine Type
				Boot Disks	Addl. Disks		
01.	cms-v1	ubuntu-1604-xenialV20170330	18	150	100	4 vCPUs	nl-standard-4
02.	curw-web	ubuntu-1604-xenialV20190816	14.5	100	500	2 vCPUs	nl-standard-4
03.	db-vm-prod	ubuntu-1804-bionicV20190628	10	100	5000	4 vCPUs	nl-standard-8
04.	**win-base-vl**	**windows-server-2016-dcV20170227**	**13**	**200**	**300**	**2 vCPUs**	**custom-6-12288**

Billing for the system will be based on the monthly usage.

* Note - Windows Machine (04) Temporally Turned Off.

1.3. Exchange rates

The exchange rates of LKR of the payment made to the Google Cloud in USDs should be based on Central Bank spot exchange rate on the date of payment.

1.4. Bill of Quantities

Please see overleaf. Please note that the BOQ should be submitted considering the payment for a single month.

1.5. Eligibility

The following shall be submitted with your quotation.

- Business registration
- Proof of more than 3 (three) similar contracts for the past 2 years (2023,2024)
- Document evidence regarding the partnership with Google Cloud Services

1.6. Selection of a Google Cloud Service Payment Provider

A qualified Google Cloud Service Payment Provider will be chosen based on the partnership evidence document with the google cloud services and the lowest quoted price per month according to the completed bill of quantities and on business eligibility.

1.7. Period of Validity of Quotation

Bid Shall be Valid From (49 Days from bid opening)

2. Bill of Quantities

Please fill the following BOQ for this contract, considering a **single month.** Please note that total service utilization per month is **1000 USD.**

No	Item	Amount (USD)
01.	Monthly Usage based cost	
02.	Service charge of the payment partner	
03.	Subtotal 01(01+02)	
04.	Discounts (if any)	
05.	Grand Total (03-04)	

Amount in words : USD
